

New Lambeth Voluntary and Community Sector Support

The Council has commissioned a new service of support for the sector, to provide help, advice and advocacy. The Council's VCS Team works in partnership with this service to provide a joined-up support offer for local organisations.

We strengthen local partnership working to help raise the profile of the sector and to coordinate activities across the Council.

To arrange a visit, contact:

vcs@lambeth.gov.uk

We also deliver volunteer fairs throughout the year, provide a brokerage site and a regular newsletter to promote opportunities. **Email: Volunteering@lambeth.gov.uk**

Leadership and Advocacy Support

Participatory placemaking organisation, The Brixton Project (BXP) will be leading on Leadership and Advocacy support for Lambeth's Voluntary Community Sector.

BXP will represent the diverse and dynamic breadth of our VCS on policy and decision-making boards across Lambeth and the UK. Feeding into those boards, BXP will launch a VCS Leadership Circle who will meet quarterly to discuss the needs, wants, and desires of the local people they represent in order to forge a strong and cohesive sector with equity and justice at its heart.

integrate

A programme of VCS Spotlight Events will platform the success of Lambeth based organisations, exchanging knowledge, and fostering collaboration. Finally, a Leadership Mentoring programme will invite community organisations who are keen on growing their presence within the borough and beyond.

Capacity Building Support

Lambeth Community Hubs Network – made up of Lambeth anchor charities High Trees, Longfield Hall, Stockwell Partnership, We Are 336 and Slade Gardens Adventure Playground - provides tailored, practical support to help organisations across Lambeth build capacity and achieve their goals.

1:1 support and expert advice: Up to three days of tailored capacity building or an hour with a specialist covering areas such as strategy, finance, governance, HR, building management or impact.

Training and workshops: Free training and workshops throughout the year to build skills in project management, impact measurement, safeguarding, communications and more.

Networking and collaboration: Regular events bringing organisations together to share ideas, connect, work on thematic issues and explore partnership opportunities.

Resources and tools: Access to templates, guides, funding updates and sector information at www.lambethhubs.com.

For more information or to register for support, visit www.lambethhubs.com or email: info@lambethhubs.com

Phone: 020 8671 3132

Funding and Resources Support

The Integrate Agency CIC delivers fundraising support to strengthen and resource the voluntary, community, and social enterprise (VCSE) sector across the borough. The service provides intensive one-to-one fundraising surgeries, training workshops, and strategic income-generation support to help charities and social enterprises access funding and build long-term sustainability. Integrate will support Lambeth organisations with tailored fundraising advice, bid-writing guidance, and access to funders.

Integrate service also convenes fundraising-focused borough-wide events such as Write Better Bids workshops, Meet the Funder sessions, and Lambeth Climate Day, connecting local organisations with funding and funders.
